To whom it may concern:

This letter is to provide my recommendation for **Carlos Eduardo Sánchez Torres**.

I have known Carlos Eduardo for a very short period of time (two months), while he was a summer intern at my institution under my supervision. He worked on the development of some programs related to the use of evolutionary algorithms for optimization.

During his internship he showed very good programming skills, good group work abilities and an excellent attitude. He also acted in a highly responsible way and delivered his tasks on time.

Please don't hesitate to contact me in case you need any further information on this matter.

Sincerely,

**Dr. Carlos A. Coello Coello**
